## About the role:

Chosen Care Group is currently recruiting Registered Nurse with a minimum of two years' experience in Treatment of disease, disorder, or Injury.

You need to have a Nursing qualification and be registered with the Nursing and Midwifery Council (NMC) with an active PIN, effective communication skills, and prepared to work flexibly to meet our Patient's needs in the community.

We are passionate about making people's lives better, and we treat our patients and communities as our families since we value their concerns.

## Main duties -

- Managing a patient's healthcare plan according to the GP's instructions.
- Checking clinical readings of the patients, record and report where needed.
- Administering and maintaining a record of all prescribed medication.
- Check and assess the patient for infection, bedsores, and wounds.
- Educating, advising, and training health care assistants and senior care workers and Caregivers in the household.
- Dressing or redressing wounds and assessing the progress of healing.
- Developing and improving the healthcare plan in collaboration with other healthcare personnel in the household.

# Registered Nurse - Job Descriptions

- Providing palliative care as needed to keep the patient comfortable.
- Make recommendations for devices and tools that might improve the patient's quality of life.

If this post excites you, and you are looking to improve your quality of life and create a better everyday life for our patient, as part of this role, please email your cv to [hr@chosencaregroup.com](mailto:hr@chosencaregroup.com)
